HOT AUGUST NIGHT

The Ultimate Neil Diamond Experience

The wait is over, The Australian Neil Diamond Tribute Band "Hot August Night" has arrived.

Hot August Night is a five piece band of quality musicians and vocalists that have been working together for over twenty years.

You will not hear a tighter bunch of musicians.

Matt Eldridge, founding member and lead singer takes on the part of the man himself 'Neil Diamond'; if you close your eyes, you will be taken back to that hot August night in 1972. After immersing themselves into Neil Diamond, the band have captured the sound and emotion of the Hot August Night era of Neil Diamond, a young, intense singer from Brooklyn, New York, telling his story through music to the world.
