

Help transform lives

Help us raise vital funds in support of Make-A-Wish® Australia.

Scarlett, 5, living with a rare heart defect, wished to see a unicorn fly and taste its rainbow horn.

CLUB Kilsyth CLUB Ringwood

PROUDLY SUPPORTING

MAKE-A-WISH.
Australia

The Club teams up with Make-A-Wish®

Make-A-Wish® wishes are vital, build resilience and are an essential complement to medical treatment. We take really sick children and teenagers on a carefully designed, unique journey where their most cherished wish comes true, giving them hope for the future, strength to

face the challenges of their illness and joy from their incredible wish experience. And the impact is incredible. The vast majority of wish families tell us they've seen improvement in their child's emotional and physical health as a result of their wish journey.

You can donate to this worthy cause at collection points located at Points of Sale throughout the Club.
