

# Offering your Community a Helping Hand

The Clubs are proud of their position in the community and the role they play in assisting many groups and individuals. Donation points located around the venues collect loose change from our generous members and guests which is funnelled back to local individuals, groups and charities. This loose change quickly adds up and some of the accrued totals are quite outstanding. They make a massive difference in the recipients lives.

The Clubs also support many local sporting teams, from major sponsorships of sporting clubs, directed funding to upgrade facilities, through to individual sponsorships to assist young and developing sports people realise their full potential.

Following are some stories of just a few of the recent fund raising efforts which the Clubs have participated in.
